

“Medicine isn’t our life, people are. We take the time to listen to you and to answer any questions you may have. We will thoroughly evaluate your condition and explain all your options to you. We will help educate you along the way, and we’ll show you how to live a healthier lifestyle. We stay on the leading edge of new techniques and procedures, so we can help get you back to your life as quickly and as safely as possible.”

JOSEPH A. RIZZO, MD, FACC

Board-Certified in Cardiovascular Disease and Interventional Cardiology
by the American Board of Internal Medicine

A commitment to excellence

“Being a part of this ever-evolving field allows me to help people in a dramatic way very quickly. I offer my patients honest, professional medical care with a sincere commitment to provide them with the best possible care. I am able to communicate with them in such a way to alleviate any anxiety or fear.”
