

*“Medicine isn’t our life, people are. We take the time to listen to you and to answer any questions you may have. We will thoroughly evaluate your condition and explain all your options to you. We will help educate you along the way, and we’ll show you how to live a healthier lifestyle. We stay on the leading edge of new techniques and procedures, so we can help get you back to your life as quickly and as safely as possible.”*

## **ROBERTO E. SOLIS, MD, FACC**

Board-Certified in Internal Medicine, Cardiovascular Disease and Interventional Cardiology by the American Board of Internal Medicine

### *Keeping current with the latest technology*

*“Helping patients get better and improve their lives is not a job to me – it’s an extremely rewarding career. In addition to my extensive education, training and experience, I am committed to providing my patients with the most advanced procedures and technologies available in this rapidly changing field of medicine.”*
